

STAGE 1

# Activity Sheet 4

Sustainability

## Song & Dance

### Activity 1

Watch the **Introduction to Sonny** video to learn about Sonny the Sustainability Scout and his friend Skye the magpie.

### Activity 2

As a class, sing and dance with Sonny by following the **Dance with Sonny** video.

## LYRICS

*We can scout out ways, to be sustainable always.*

*Water, waste and energy can be saved very cleverly.*

*All it takes is a little bit of courage and a touch of Sonny knowledge.*

*We can scout out ways, to be sustainable always.*

*We can scout out ways, to be sustainable always.*

*Like putting boxes and bottles in the yellow bin.*

*And turning off the lights for rooms you're not in.*

*Make sure that shower is short and sweet.*

*And turning the taps off when you brush your teeth.*

*We can scout out ways, to be sustainable always.*

*We can scout out ways, to be sustainable always.*

*You see its really not a chore to start reducing, reusing and recycling more.*

*We can scout out ways, to be sustainable always.*
